

## A HEAVENLY PROJECT DISCOVERS THE WORLD

On 5 July 2018, the Oronos Foundation was founded by three members: Marianne Amsler, Eva Hemm and Stefan Sieberer. Irrespective of their different lifestyles, personalities and countries of origin – Germany, Austria and Switzerland – they share a common vision: They want to save our beautiful planet and support the animals and plants, children and people living on it. A world in which humanity urgently needs help – because of unfairly distributed resources, changing circumstances and the great challenges posed by living together – also needs hearts that beat together and an awareness that translates visions into action.

As the saying goes: If we take a small step towards life, it meets us with many steps.

**The universe is behind us.**

# FOR MORE HAPPINESS AND PEACE IN THE WORLD

**Become a part of a unique movement: The Oronos Foundation serves our Earth – intercultural understanding, the protection of children, people, nature and animals.** We are building Peace Centres around the world because we believe that only a peaceful community can ensure long-term survival on our planet. And because we believe that peace and happiness are possible. 100% of the proceeds of and donations to the foundation are poured into our projects and therefore into the future of the planet, for the benefit of the children of this earth. The following pages describe what the Oronos Foundation does for the world. And we are so pleased you decided to join us.

## **MAKE GOOD THINGS HAPPEN, GIVE HAPPINESS**

True to the slogan, »Make one person happy every day, and you have changed the future of this planet«, we are committed to a better world. A world in which we live together in peace, respect and dignity. In which children can play and grow. And in which the valuable resources of our earth are respected and preserved.

## **WHAT MAKES US SPECIAL:**

The members of the Foundation Board are as diverse and colourful as life itself. We are united by the desire for cohesion and to be in harmony with the earth. The vision in our hearts is so strong that we go beyond our own boundaries and turn visions into action, whereby we trust in the power of the community, which is greater than ourselves.

## **GET INVOLVED AND JOIN US – EITHER ONCE-OFF OR CONTINUOUSLY EVERY CONTRIBUTION COUNTS AND EVERYONE IS WELCOME.**

# PEACE CENTRES AROUND THE GLOBE:

## ECUADOR

**Happiness increases when it is shared.** That's why we're building Peace Centres all over the world. Here are the three projects that accurately match our vision. Others will follow. Perhaps also with your help ...?

### ECUADOR – AN OASIS OF VITALITY

**Where?** The Peace Centre is located in Olon, in the Santa Elena region, and covers some ten hectares of land with beautiful flowers and trees. It includes pastures, stables and forage facilities for the animals and an intact housing complex with accommodation for 54 people. The Peace Centre is situated on a hill, only five minutes away from the sea.

**Why?** The land captivates with a flowering, living flora and fauna, a magical view and a sunny location overlooking the sea. In addition to many species of birds and butterflies, it is home to horses, ostriches, sheep, cows, ponies, ducks, chickens, peacocks, turkeys and cats. A paradise for animal and plant conservation and a life in harmony with nature.

**And what exactly?** In addition to its commitment to nature conservation and environmental protection, the Peace Centre is a place for people to live together in harmony. Climbing walls for both the young and older, walks through the jungle over suspension bridges offer fun and adventure. Playgrounds, table tennis and billiards invite you to play and linger in the centre. It is also exciting to take the Flying Fox for a glide over the tree tops and to dive into the refreshing pool after a beach volleyball match. The Peace Centre in Ecuador is an oasis of vitality for children and adults.

# PEACE CENTRES AROUND THE GLOBE:

## PERU & COSTA RICA

### PERU – CLEAN LIVING FOR A HEALTHIER YOU

**Where?** The Peace Centre in Peru is located right in the middle of the Amazon.

**Why?** The security of the jungle supports your recovery process and helps you to find the harmony within you. Healthy food, the natural environment in the immediate vicinity and a special treatment regimen with Peruvian medicinal plants make this place a very special healing centre. Free from distractions such as the Internet, mobile phones, televisions and computers, people in the Peruvian Peace Centre can recover and rediscover themselves. Attention: There is no electricity!

**And what exactly?** The Peace Centre in Peru offers drug-dependent adolescents the opportunity to free themselves from their addictions. The young people are supported by Don Agustin, Peru's highest ranking shaman, who guides them through healing plant ceremonies and supports them with his many years of experience and healing skills to find their way back to a healthy life. Shamans trained by Don Agustin lovingly accompany the recovery process.

### COSTA RICA – BEING YOURSELF CREATIVELY AND PLAYFULLY

**Where?** The Peace Centre in Costa Rica near Nicoya extends over ten hectares of land, overlooking the vastness of the land and the sea.

**Why?** This fertile land is home to mango and guanabana trees growing alongside other fruits. A river and two springs serve as water supply and refresh people, animals and plants. This land radiates particular love and peace. Its natural environment is overwhelming and varied.

**And what exactly?** This place is suitable for seekers and creative people who want to unfold and develop. The Peace Centre in Costa Rica is a wonderful mirror that reflects our dormant abilities and divine potential. Discover your inner self. There's hardly a more ideal place to bring the best in you to full flower.

# DOING GOOD IN COMMUNITY WITH OTHERS: HELP THAT ARRIVES WHERE IT'S NEEDED

To ensure that our help is highly beneficial and actually reaches the individual, we are responsible for the following **meaningful projects** and would be pleased if we could count on your support:

## PROVIDE WARMTH:

If you walk through our big cities and pay attention, you will already have noticed that the number of homeless people is increasing. People who have lost their homes – mostly for a variety of reasons: because they have lost their jobs, became ill or because of other misfortunes that forced them out of their homes. Especially in winter, but also at any other time of the year, blankets are an important item for the homeless, giving them a little bit of warmth and security. Provide warmth and support this project. With your help, we'll collect blankets for the homeless. We'll take care of the distribution – your small effort can make a huge difference.

# DOING GOOD IN COMMUNITY WITH OTHERS: HELP THAT ARRIVES WHERE IT'S NEEDED

## MOBILE PHONE COLLECTION POINTS:

Is your old mobile phone lying around in a drawer? Why not bring it to our mobile phone collection point: By handing over your old device, you can ensure that it is disposed of in an environmentally friendly manner. On the other hand, you enable the Oronos Foundation to invest the amount achieved in meaningful projects by recycling the valuable raw materials in your device. Mobile phones that still work well are carefully reconditioned by our cooperation partner for people who cannot afford a device. And last, but not least, this campaign creates more space in your drawers. Doing good has never been so easy!

## PEACE CENTRES AROUND THE GLOBE:

With your support, we build peace centres all over the world (refer to »Peace Centres«). We train people in establishing permacultures, cultivating non-GMO seeds and playing a decisive role in promoting intercultural understanding. We build ovens so that people can prepare food and help street children to find a home. There is so much to do in this world. Together we can make a difference.

We are planning additional aid and crowd-funding projects, for which we are dependent on active participation. Our homepage contains all the information on our projects under [www.ornos-stiftung.ch](http://www.ornos-stiftung.ch)

# THE FOUNDATION BOARD – THIS IS WHAT DRIVES US

## MARIANNE AMSLER, 4.11.1956, PRESIDENT

I'm from Switzerland and live in Olten – between Basel, Zurich and Bern. This is where I grew up, this is where I live and where I gave birth to two wonderful sons. In various social and other professions, in the most varied of training, I have always found new ways to accompany people. I pass on this knowledge and this wealth of experience in my practice. Life has blessed me richly and made me happy. To bring heaven to earth so that love shines in all people, that is my vision. To live my life in deep happiness and to bring peace to the world, that is my passion.

## EVA HEMM, 28.10.1973, FOUNDATION MANAGEMENT

Born and raised in Munich, mother of three wonderful children. For a long time I worked as a child carer in the alternative kindergarten I had founded myself, in the crèche and at school.

I have always been deeply moved by and interested in people, life itself and the fate of people. I am all the more happy to work for them worldwide as part of the Oronos Foundation and to support them with all my love and vitality. Life is so unique, precious and beautiful – something I want to share with everyone. For my vision and because I love freedom, I now live in the Rhön Mountains.

## STEFAN SIEBERER, 15.02.1984, STRATEGY MANAGEMENT

Travelling for peace: I have been to war zones like Syria and at the border to North Korea, in Fukushima and Chernobyl. Borders don't exist for me. Nature, animals and plants – and the happiness of humankind – are my passion. I love to express my creativity – in the form of pictures, photos and in many other ways. I see it as my mission to educate people and to accompany them on their way to a healthy life with my love. I grew up on a small farm at an altitude of 1,000 metres in the Salzburgerland – to go out into the world and make a big difference.

## MAKE GOOD THINGS HAPPEN, GIVE HAPPINESS!

# TAKE ACTION IN THIS WORLD – BECOME AN AMBASSADOR

The higher your popularity, the more you can have a say in the rules of this world, and the more effective your involvement for a better world. **Our aid projects need people speaking with one voice.** People who can affect action and who care about the success of a relief project. Popularity has many facets. Some of these facets are complicated. The ability to affect action is one of the best, however. Reaching out to people who would not listen otherwise. To stand up and take action on behalf of those who are unable to speak for themselves or those without opportunity. We are facing tremendous challenges! Animals, plants, and people; the earth, human interaction, happiness, freedom, peace – there are so many permanent values worthwhile supporting. And wouldn't it be nice to get involved in just such a project of the heart? To lend your name to this project? To do good? To use your voice to reach many?

Find a project that is close to your heart whose ambassador you would like to be. We will cater to how this will look like exactly to match your needs, wishes and capacities. A project frequently sparks compassion and interest on its own. We will help you find exactly the project you feel comfortable with and that you can fully support.
